

Neighbourhoods and venues list

Please give me a list of neighborhoods in the 5 largest cities in Saskatchewan, such as "Downtown Regina, Regina" or "Queens Park, Moose Jaw" (unlike my sample, all neighborhoods should be real, mine may or may not be). Also include, whenever possible, a structure or building that exists by name, such as "Eagles Nest Community Center" or "St. Elmo's United Church" in "Queens Park", Moose Jaw, Saskatchewan. These buildings should appear to be suitable to hold a meeting or class such as a youth training session, but this does not need to be verified. This may require multiple web searches the final list should be 15 to 30 rows.

Please ask any clarifying questions before proceeding, if needed.

Here's a concise, real-neighbourhood list for the **five largest cities in Saskatchewan** (Saskatoon, Regina, Prince Albert, Moose Jaw, Swift Current), each paired with a building or venue that *could* host a meeting or class.

Neighbourhood, City	Example venue (name & quick descriptor)

Notes & sources (selected):

- City/neighbourhood context: official city or tourism pages for Saskatoon, Regina, Prince Albert, Moose Jaw, Swift Current (see venue citations above; Prince Albert neighbourhood list confirms Midtown/CB.D. etc.). [Wikipedia](#)
- Swift Current is recognized as Saskatchewan's 5th-largest city; downtown references and maps confirm the CBD focus. [swiftcurrent.ca](#) +2

If you want more rows (up to ~30), I can add additional neighbourhood/venue pairs for each city (e.g., Saskatoon's Sutherland, Stonebridge; Regina's Germantown/East End; Moose Jaw's Sunningdale; Swift Current's North Hill/Riverview), but this set should be a solid, real-world starting list.
